The Power of Infinite Love & Gratitude Book

“This is a powerfully written book that is so simple to read. The concepts are indeed life changing. After I read the book, I knew I had to see Dr. Weissman in person so I made several office visits and have since gone on to become a Certified LifeLine Practitioner in *The LifeLine Technique™*. Someone gave me a copy of his book as a gift during a time when I was experiencing significant muscular pain in my back and shin. I was able to see the linkage between concepts in the book and my life, including symptoms of pain, fear, and challenges. One year later, the pain symptoms have subsided and I feel better than ever. I'm well equipped to embrace pain, fear, and challenges as well as look for the deep truths that are contained within them. *The Power of Infinite Love & Gratitude* is more than a book and anyone that reads it will find out just how. Infinite Love and Gratitude to Darren and his team for making the world a better place by creating world peace through inner peace. “

The Way to Optimal Health Patients

“At the beginning of the summer I noticed changes in my body – physical, emotional, mental, and spiritual. I realized I was heading in the wrong direction, but didn't know how to find my way back to health until I found Dr. Weissman and *The LifeLine Technique™*. Without *The LifeLine Technique™*, I'm certain that I would be on anti-depressants, but no closer to healing.

The LifeLine Technique™ is helping me to clear out old fears and pains from my past. I am learning how to take control of making myself healthy on all levels. "Infinite Love and Gratitude" has provided me with a tool for calming myself and quieting the negative chatter in my head. I have heard many people toss out the phrase "owning your own power", but for the first time in my life, I am beginning to understand and feel what owning your power really means. Thank you Dr. Weissman.”

“Matt and I think of you every day and the fantastic work you do. You certainly shone a light on my life. The truths that you shared with me are invaluable in my daily decision making process. I meditate often on "love and gratitude" and am changed for it. Of course, I cannot leave out the fact that we have our daughter in our life now... She is my heart. I came to you several years ago feeling resigned that a child was not in our cards. With your help we have a child who brings us tremendous joy! Thank you! I think of you often and know that although your work has already left big impressions on the world - we've seen nothing yet!

Testimonials

The LifeLine Technique™

"As a chiropractor who has been in business for 23 years, I have found that *The LifeLine Technique™* is one of the best tools I have used to help my clients heal on a physical, emotional, and spiritual level. Not only have they experienced profound changes in the physical body, such as getting rid of chronic health problems, they now have a greater awareness of how suppressed emotions impact the quality of their lives. Dr. Darren Weissman has masterfully blended the essence of several holistic modalities with Chiropractic into a simple system that helps people heal at the deepest of levels. My practice is thriving and so are my patients!"

- Dr. Dan, Grand Rapids

"I was introduced to this work from a friend of mine, went to the *Conscious Body- Conscious Mind* seminar in Long Beach in January 2008 and WOW what an amazing experience. My friend and I turned to each other and after only the first couple of hours, said, "This is it ... THE bridge we have been looking for." The work is subtle and powerful, a journey with a road map, called the "Flow Chart," that guides you through the areas in one's life that are ready to be healed. A harmonizing and releasing of those things that no longer serve you. Thank you Dr. Darren for being there to receive the information, and then creating this incredible work, that keeps evolving and changing as we do as humans. "

"After studying many modes of energy medicine and psychology and reading books by the greats - David Hawkins, Bruce Lipton, Donna Eden, Louise Hay, Masaru Emoto, James Twyman, and oh so many others - I read *The Power of Infinite Love and Gratitude*. Dr. Weissman put it all together and did light up my life. I went to his website, www.infiniteloveandgratitude.com where I signed up for his course. This is the way of the future. "

"Great for both the Practitioner and the Layman who is seeking better understanding in the true source of dis-ease in the body and is looking for wonderful tools for healing on all levels. A perfect synthesis of ancient healing knowledge combined with modern day science and technique. The book is simple to understand, yet completely profound! As a Practitioner of over 30 years, I highly recommend *The Power of Infinite Love and Gratitude* and *The LifeLine Technique™* to anyone seriously interested in healing their life!

"I spoke with Dr. Weissman on the phone when he was on a Hay House radio show with author, Colette Baron-Reid. I don't know how Dr. Weissman did it or what he did, but the pain in my left foot has been gone ever since. I've been in pain for years with this! Dr. Weissman, I can't thank you enough for whatever it is you did.

"I am convinced that this gift that the universe has allowed you to unwrap, will change the planet. Although I hear you when you say it wasn't you - you were the one who chased after the big idea and had the experience and skills to bring it together. Thanks.
